

Data Panel Definition

Data Panel functionality can be applied wherever the  **Data Panels** icon is available; this is located at the top of the page. The purpose of this facility is to give you the option to hide panels which are infrequently used. Hiding data panels is not a total security measure in that data is delivered to the panel and not restricted. It can however be used to restrict access to sensitive data if the Group permission has been denied to the  **Data Panels** icon.

Access to the  **Data Panels** icon can be denied via Tools | Permissions | User Group Processes | Administration.

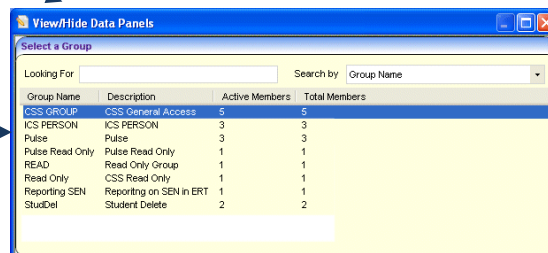

Data Panel settings can be applied to **Person Details, Student Details, Activities, Exclusions, Involvements, Early Years Maintain Provider** and **Service Provision**. Default Data Panel settings can also be applied to **Service Teams** via Service Team Administration and **Involvement Form** and **ICS Form Definitions**. Data Panel settings defined for a **Service Team, Involvement** and **ICS Forms** will be inherited by all associated entities, eg Involvements.

1 To set Data Panels for a record:

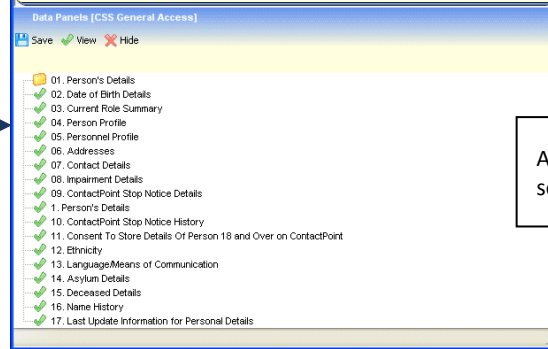

- 1 Click  **Data Panels** to open the **View/Hide Data Panels** dialog.

2 Select the Group for which you wish to set the Data Panels.

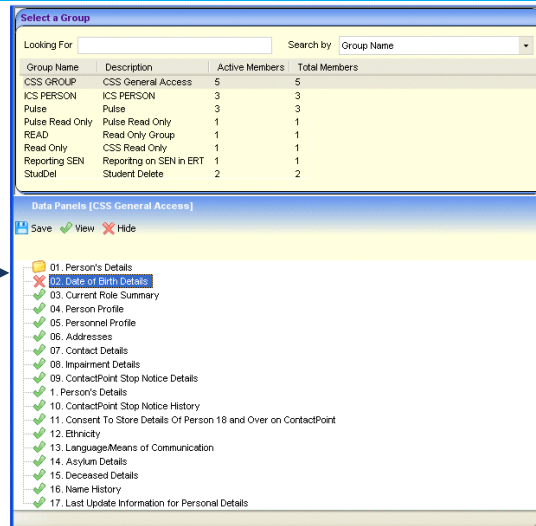

3 Select the Panel that you wish to deny access to and click  **Hide**. Repeat for each panel to be hidden.

A list of panels for the selected entity.

4 Hidden panels are indicated by . In this example Panel 02 displaying Date of Birth Details is selected.

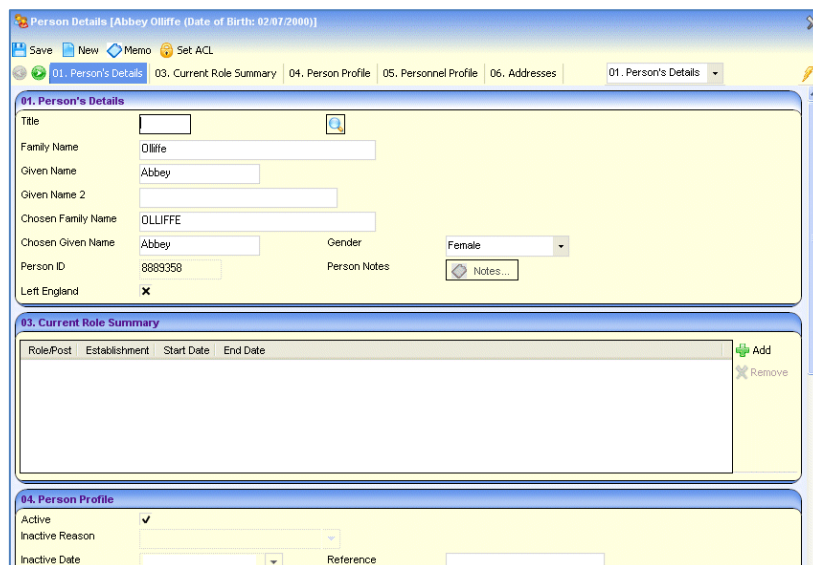

Group Name	Description	Active Members	Total Members
CSS GROUP	CSS General Access	5	5
ICS PERSON	ICS PERSON	3	3
Pulse	Pulse	3	3
Pulse Read Only	Pulse Read Only	1	1
READ	Read Only Group	1	1
Read Only	CSS Read Only	1	1
Reporting SEN	Reporting on SEN in ERT	1	1
StudDel	Student Delete	2	2

- 5 Click  SAVE and close the dialog.
- 6 Save the Person Details record.

2 The Outcome

This example shows Panels 01 and 03; Panel 02 Date of Birth Details has been removed. The Group has been denied permission to access the Data Panels functionality, therefore the  Data Panels icon is also removed.
